POSITIVE **SUSTAINABLE** TENTERDEN

A MESSAGE FROM THE MAYOR OF TENTERDEN

As we step into spring, I am delighted to welcome you to the latest edition of the Tenterden Town Council newsletter. It has been a busy and productive time for our town, with exciting developments, ongoing projects, and continued efforts to enhance our community spaces.

One of the key projects progressing is the Tenterden Recreation Ground Improvement Project. The recent community survey gathered invaluable feedback, shaping the vision for this much-loved green space. Residents highlighted the importance of enhanced play facilities, improved pathways for better accessibility, and new recreational features catering to all age groups. In response to the feedback, a revised plan has been developed, relocating the pump track to a more suitable position to ensure better integration with existing facilities. An updated design by Mark Hanton, reflecting these improvements, is included in this issue. Thank you to everyone who took the time to share their thoughts—your input ensures this space will serve the needs of Tenterden for generations to come.

In this edition, we also bring you updates on several key projects and community initiatives. The Town Council's budget and precept for 2025/2026 has been approved, with a modest increase to support essential services and community projects. Work continues on the Town Hall Renovation, ensuring this historic building is preserved while being modernised for future use. We have a packed calendar of upcoming events, including the 80th Anniversary of VE Day in May, the Spirit of Tenterden Festival in July, the Youth Event in August, and Remembrance Sunday in November—lots of opportunities to bring our community together. Following Tenterden's success in the Wilder Kent Awards, we remain committed to sustainability and protecting our natural spaces. We're also pleased to share details on local business initiatives, including the TN Card reward scheme, business e-permits, and ongoing efforts to support tourism and our High Street.

As always, I encourage you to stay engaged with your Town Council. Whether through public meetings, local events, or community initiatives, your voice shapes the future of Tenterden. Let's continue working together to keep our town thriving.

Cllr Sue Ferguson, Mayor of Tenterden

TENTERDEN TOWN HALL RENOVATION PROJECT

An ambitious project to deliver desperately needed improvements to the historic Town Hall.

What is happening?

The Town Hall renovation project is well underway, with appointed contractors, Coleman and James, arriving on site last October. The renovation is expected to take 12-14 months to complete, during which time the Town Hall will remain temporarily closed. This is a complex project to deliver, and the Town Council's Project Management Working Group are working closely with the contractors during this period of transformation. We look forward to welcoming the community back into the building once these essential works are completed.

Get involved?

In the meantime, we are excited to announce a new project aimed at gathering memories and stories about the Town Hall from local residents. This initiative seeks to preserve the rich history of our Town Hall by collecting personal anecdotes and photographs. Whether you have a cherished memory of a special event held at the Town Hall or historical photographs that capture its past, we would love to hear from you. TOWN COUNCIL, BUDGET & PRECEPT 2025/2026

In December, the Town Council considered and approved its budget and precept for the financial year 2025/2026.

The 'precept' is the town council's share of council tax collected by Ashford Borough Council.

The budget for 2025/2026 was set at £742,650. Income for the year has been estimated at £32,278.

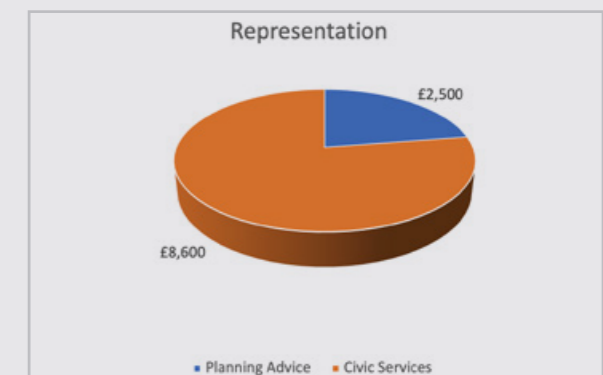

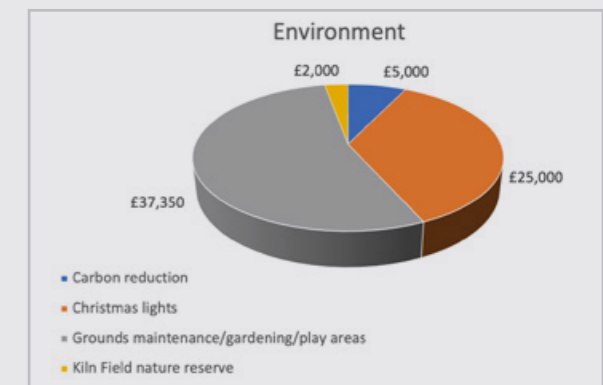

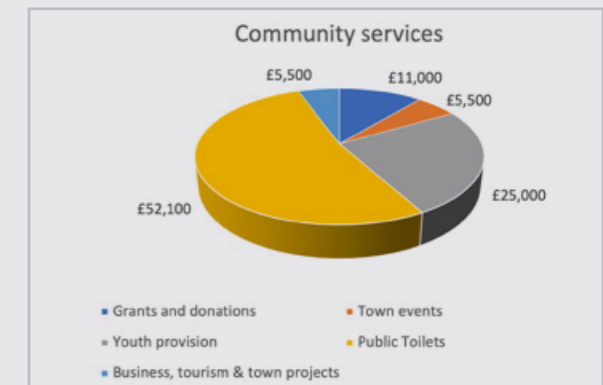

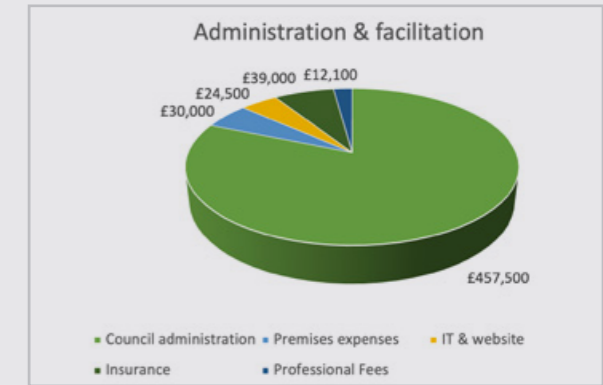

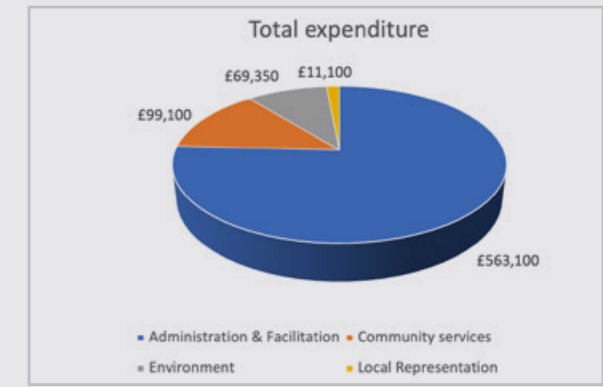

The precept for the parish of Tenterden for 2025/2026 was set at £710,372 (compared with £693,780 in 2024/2025). This represents a below inflation increase, of 2.4%”

For Band D households, this amounts to £181.36 for the Tenterden parish element of annual council tax for the 2025/26 year, compared to £176.13 per year in 2024/25. The monthly cost of the precept to a Band D resident (based on a 12 month period), amounts to £15.11.

How is the money spent?

From town events and Christmas lights to youth facilities and public toilets, these pie charts show how the town council spends its funds.

BUDGET	£742,650

TENTERDEN RECREATION GROUND PROJECT

An ambitious project to deliver much needed improvements to the Tenterden Recreation Ground.

EXCITING DEVELOPMENTS AT TENTERDEN RECREATION GROUND

The Tenterden Recreation Ground is set to undergo a significant transformation, with plans for an ambitious revamp aimed at enhancing facilities for all users. The recently held public consultation on the plans has now closed and results analysed.

Our survey results showed that over 60% of online respondents were either 'satisfied' or 'very satisfied' with the proposed improvements. This means that the Masterplan, with one important amendment (read on for details) can now be submitted for planning approval.

PROJECT OVERVIEW

The ambitious project includes a variety of new and upgraded amenities designed to cater to all age groups. Key features of the proposed plans are:

- **New and Refurbished Play Equipment:** The children's play area will see new installations and upgrades, with nearby picnic and seating areas.

- **Youth Hub and Skate Park:** A new youth hub and skate park will provide a vibrant space for teenagers and young adults.
- **Sports Facilities:** The project includes new courts for tennis, netball, and hockey, replacing the existing football pitch near the leisure centre.
- **Pump Track:** A pump track is also part of the plans.
- **Improved Infrastructure:** The scheme will incorporate a much-needed drainage strategy, updated toilet facilities, and enhanced planting to support biodiversity.

PUBLIC CONSULTATION

The public consultation, held from January 6th to February 2nd, 2025, generated a fantastic response with 471 online surveys completed and over 70 residents attending our in-person consultation at Highbury Hall on January 11th.

Town Councillors were keen to hear from the town's younger residents and to this end, local school children were invited to share their views, with two focus group sessions attended by children aged 7 to 11 held at Tenterden Junior School and St. Michael's Primary school. In addition, Town Councillors attended a Sk8side session to hear young people's views on the plans. The

views of local organisations were also sought, with a small number of stakeholders invited to share their thoughts.

Survey results have now been analysed and can be viewed in full on the Town Council website. While there was strong support for inclusion of the pump track, responses also highlighted some concerns. The most strongly voiced of which, related to its location. Councillors, keen to retain the facility for the benefit of the town's younger residents voted to keep the pump track in the plans, but to relocate it at a new position alongside the skate park, with appropriate measures taken to ensure the safety and security of users. The area vacated by the pump track will be converted back to green space.

FACILITIES FOR TENTERDEN FOOTBALLERS

The Town Council is committed to maintaining the current Recreation Ground football pitch until such time as alternative facilities are available elsewhere. Discussions to allow the Town Council to assume management responsibilities for the new sports facilities being delivered by Vistry Homes at the Appledore Road development while already underway, are currently at their early stages. The council is embarking

on creation of a business plan, with professional support to allow it to enter into any agreement over the sports pitches with an accurate picture of the financial implications and practicalities for delivery.

NEXT STEPS

The Town Council is now working with landscape architect and planning consultants to prepare a planning application for submission to Ashford Borough Council.

WILDER KENT AWARDS 2025

Protecting wildlife and supporting nature

WE ARE EXCITED TO ANNOUNCE THAT TENTERDEN WILL ONCE AGAIN PARTICIPATE IN THE WILDER KENT AWARDS, HAVING WON A GOLD AWARD IN 2024.

The Wilder Kent Awards, organized by Kent Wildlife Trust, celebrate the efforts of communities across Kent in promoting wildlife conservation and enhancing natural habitats. Last year, Tenterden's dedication to biodiversity and innovative environmental projects earned the prestigious Gold Award.

The Wilder Kent Awards have several criteria that participants must demonstrate having met, along with different award tiers (commendation, bronze, silver, and gold).

THE CRITERIA ARE:

1. To protect and restore nature

Actions that provide food, shelter, and water to support wildlife.

2. Sustainability and Carbon Reduction

Initiatives that reduce carbon footprints and promote sustainable practices.

3. Inspire and Collaborate

Efforts to engage and educate the community about wildlife conservation.

The more criteria a community meets, the higher the award tier they can achieve. Each action taken helps to create a more climate-resilient environment and supports local wildlife.

While Tenterden Town Council will be responsible for collating and submitting the town's entry, this award is for the town as a whole. The success of our entry relies on the collective efforts and contributions of all community members, including local groups, schools, and organisations.

GET INVOLVED

If you are a local charity, school or community organisation, we want to hear from you. Tell us what you are doing, to:

- protect wildlife;
- boost sustainability & reduce carbon;
- engage with nature.

To tell us what you have been doing, e-mail: admin@tenterdentowncouncil.gov.uk providing photographic evidence wherever possible. The spring deadline for submission is 1st May. There will be further deadlines for summer, autumn and winter activities and these will be advertised on our website and Facebook page, once confirmed.

ELECTRIC VEHICLE CHARGING

Kent County Council is committed to ensuring that all residents can transition to electric vehicles (EVs) with ease. For those unable to charge at home or work, the council aims to provide reliable and affordable public charge points within walking distance of homes.

In collaboration with various District, Borough, Town, and Parish Councils, around 200 public charge points have already been installed, primarily in car parks, offering a cost-effective alternative to rapid charge points. However, with the expectation that 80% of new cars sold in Great Britain will be zero-emission by 2030, increasing to 100% by 2035, there is still much work to be done.

Excitingly, Kent County Council has secured Government funding for Local Electric Vehicle Infrastructure (LEVI) to significantly expand the number of public charge points in the county. Over the coming years, thousands of public on-street charge points will be installed for residents without off-street parking, enabling local charging.

A charge point operator will be appointed in the coming months to manage the network.

Residents' input is crucial in identifying potential locations for on-street charging points. If you own an EV or are considering making the switch, you can nominate your street for a public charge point using the interactive map provided. Even if your street has already been nominated, additional nominations are helpful to gauge interest levels. While not every suggested street may be suitable, all suggestions will be thoroughly investigated.

For more details and to nominate your street, visit KCC's website: letstalk.kent.gov.uk/on-street-ev

SHOP LOCAL – BE REWARDED

Tenterden residents now have a new exciting reward scheme that saves them money when supporting local.

Jess Gibson set up the TN card five years ago as a way to support Kent's independent businesses while saving people money when shopping locally. A Social Enterprise, it gives members (card holders) access to exclusive savings at 1000 Kent businesses while providing free marketing for participating High Street and leisure businesses. Plus, 10% of every membership supports Mind, the mental health charity.

Jess says, "I launched the TN card because I'm passionate about seeing our High Streets thriving. In an online world, our small independents are all about people, social connection and personal service, and supporting them is better for our planet too. Tenterden is a very special town and since the TN card has launched in Tenterden, I've loved getting to know the town and many of its wonderful independent businesses'.

Since launching five years ago, the TN card has grown rapidly in geography, scale and product offering, and now has a fully interactive app, its own podcast series, monthly member evenings, business events and awards, and a huge directory of member-only rewards across the TN postcodes from shopping, beauty and health discounts to savings at coffee shops, bars and restaurants, theatre deals and discounted days out.

SPECIAL MEMBERSHIP OFFER FOR TENTERDEN RESIDENTS:

The TN card is only £24.99 per year or £2.99 per month, and right now, Tenterden residents can get 50% off an annual membership! Simply visit thetncard.com (click on "join") and use the code **LOVETENTERDEN50** (valid until 30 April 2025, Tenterden residents only) at checkout. 10% will be donated to Mind.

TENTERDEN CUSTUMAL PROJECT CALL FOR VOLUNTEERS!

Help us bring Tenterden's historic Custumal to life.

A custumal is a historical document outlining the customs, laws, and regulations governing a town or region. Authorised by Stephen Cowper circa 1557, Tenterden's Custumal details the duties of town officials and includes English copies of various charters and council meeting records. Written on fine cloth paper with unique watermarks, it features richly decorated pages and is one of the treasures of Kent Archives. Currently, there is no copy of this important historical document in the town.

Our project aims to create a facsimile of the Custumal, complete with full-colour illustrations, transcripts, and reference materials. Funded by the Oxus Foundation and Tenterden and District Local History Society. Kent Archives has been asked to image the document using

their new book cradle, especially designed for reproducing images of fragile documents and local artist Anna Saunders will reproduce the illustrations.

We need volunteers to help transcribe the Custumal and explore its historical context, including Tenterden's status as a Cinque Port and the evolution of the Custumal. If you enjoy research and local history, please do join our team of dedicated volunteers. The outcome of the project will be the making of a book, copies of which will be presented, by the project team, to the Town Council, the Oxus Foundation, Tenterden and District Local History Society, Tenterden and District Museum, Tenterden Library, and Kent Archives.

LOCAL GOVERNMENT RE-ORGANISATION

Plans for local government reorganisation involving the creation of single or unitary councils in Kent, will have significant implications for our community. The town council is closely monitoring developments to ensure that interests of our residents are well-represented. We are committed to responding

promptly and effectively on the town's behalf, addressing any changes that may arise. Our priority is to maintain the quality of services and support for all residents during the transition.

At the time of publication, the number and composition of unitary councils in Kent is to be determined.

CHILDREN'S CHRISTMAS PARTY 2024

The Town Council hosted another successful Children's Christmas Party on Sunday, 15th December 2024 at the Sinden Theatre in Tenterden. Approximately 75 children plus their nominated chaperones had an early start arriving from 8.30am to enjoying gingerbread Christmas tree decorating, face painting and other crafts before watching Spark Live's Productions performance of Sleeping Beauty.

The Children's Christmas Party is organised by Cllr. Kayleigh Brunger-Randall and supported by her merry band of elves. The Town Mayor Cllr. Sue Ferguson also made a guest appearance and wowed the children with her bright red mayoral robe and civic regalia. Heartfelt thanks to all local businesses, Trusts, Community Champions and Volunteers who supported the event this year. With a special thank you to the Brissenden Trust for financing the event for a second year running! Putting local families first and creating lasting happy memories.

BLUE PLAQUE SCHEME

You may have seen blue plaques on buildings marking famous previous residents or interesting historical facts?

Tenterden Town Council are delighted to announce that these will be coming to Tenterden soon so visitors and residents can seek out the Tenterden plaques to discover, find out and learn about the stories of real Tenterden people and their trades – in an enjoyable and fun way.

The Town Council in partnership with the Tenterden Local History Society and At Here Before Us will be working on this exciting new project to design a number of bespoke blue plaques (in the form of internal window vinyls) for Tenterden's historic buildings.
